

Nymex was range bound all day, reaching a high \$2.95 USD/M for the August 2026 contract. The market retraced back \$0,05 by the end of the day. Iroquois pipeline, moving gas supply to the NYC area, was down enabling more gas supply to remain at Dawn. Overall, a minor change in Dawn overall.

Analysts are projecting daily high temperatures near 80F (26 C) before moderating into the upper 70's (21 C) through the next two weeks. (RS)
